2nd UK Fertility Preservation Conference

Welcome Message

Dear Friends and Colleagues,

It is my pleasure to invite you to attend the 2nd UK Fertility Preservation Conference that will be held on 14 September 2018 at St. Anne's College at the University of Oxford. This meeting follows on from the 1st highly successful meeting in Edinburgh in 2017.

Oxford is home to The Future Fertility Trust which provides a comprehensive tissue cryopreservation service for girls and boys alongside a dynamic research programme and we look forward to hosting the 2nd UK Fertility Preservation Conference.

This meeting will provide a diverse and rewarding scientific programme with a focus on recent advances in fertility preservation for girls, boys, women and men, as well as including highly topical aspects of fertility preservation for non-malignant conditions. We have national and international speakers who are experts in their fields and will discuss the latest research and key developments.

By attending this meeting, you will have the opportunity to interact and network with colleagues in the field to generate significant and positive impacts in fertility preservation.

The meeting will be preceded by a free public lecture on the subject of Fertility Preservation on Thursday 13 September from 17:00 to 18:00 at the Examination School at the University of Oxford.

I do hope that you can join us in Oxford for the 2nd UK Fertility Preservation Conference. We believe that all participants will benefit from attending and your involvement will make a significant, positive impact on the future of fertility preservation. CME points will be applied for and I encourage you to book as soon as possible.

I am very grateful to the Society for Reproduction and Fertility and to our other sponsors for their generous support of this meeting.

I look forward to meeting all of you in September.

Dr Suzannah A Williams Conference Chairperson

Local Organising Committee

Professor Anne Gorley (University of Oxford)

Dr Sheila Lane (Children's Hospital, Oxford)

Dr Rod Mitchell (University of Edinburgh)

Dr Suzannah Williams (University of Oxford)

Programme

- 08:30 - 09:00 Registration in St Anne's College
- 09:00 - 10.30 **Symposium 1**
Effect of treatment on childhood and adolescent fertility
Long-term effects of treatment
Prof Kirsi Jahnukainen, University of Helsinki, Finland
- Susceptibility of Primordial Follicles to chemotherapy**
Prof Karla Hutt, Monash University, Australia
- Topic to be confirmed***
Dr Ephia Yasmin, University College London Hospitals NHS Foundation Trust, UK
- 10.30 - 11.00 **Morning Coffee**
- 11.00 - 12.30 **Symposium 2**
Dilemmas of Fertility Preservation
- Does chemotherapy preclude tissue preservation?**
Speaker to be confirmed
- Beyond fertility recovery: Direct quantification of FGFR2 mutation levels in sperm of cancer survivors**
Dr Geoffrey Maher, University of Oxford, UK
- Dilemmas in assisted reproduction for cancer survivors**
Speaker to be confirmed
- 12.30 - 13.30 **Fertility preservation for transgender people**
Dr James Barrett, Gender Identity Clinic and Imperial College, London, UK
- 13:30 - 14:00 **Lunch**

Welcome Message

- 14:30 - 16:00 **Symposium 3**
Developments in fertility preservation
- Growing human eggs in vitro**
Professor Evelyn Telfer, University of Edinburgh, UK
- Fertile offspring from sterile sex chromosome trisomic mice**
Dr James Turner, The Francis Crick Institute, UK
- Uterus transplantation: results of an international program and update of worldwide results**
Professor Cesar Diaz Garcia, IVI UK
- 16:00 - 16:30 **Afternoon Tea**
- 16:30 - 18:00 **Symposium 4**
Fertility preservation for non-cancer cases
- Androgen and the ovary**
Dr Stine Gry Kristenses, Laboratory of Reproductive Biology, Copenhagen, Denmark
- Turners Syndrome**
Speaker to be confirmed
- Fertility preservation for men with gonadal injuries**
Prof Jackson Kirman-Brown MBE, University of Birmingham, UK
- 18:00 - 18:30 **Question and Answer Session**
Dr Suzannah Williams, Conference Chair
- 18:00 **Close of Meeting**

Registration Fees & General Information

REGISTRATION FEES

The cost to attend the meeting is £35.00.

This includes access to the conference, lunch and refreshments and conference programme.

[To register and pay please click here](#)

The Public Lecture will be held at the Examination School, University of Oxford on Thursday 13 September. It is free of charge and everyone is welcome to attend.

TRAVELLING TO OXFORD

We regret that, owing to lack of space, parking at St Anne's is strictly disabled access only.

Park-and-ride

There are park-and-rides available on the outskirts of Oxford, so you are sure to find one no matter from which direction you have come. They are all clearly sign-posted, are linked to the centre of the city by regular bus services, and, are open 24 hours per day (bus services run until about 11pm). From Peartree and Watereaton you can catch buses which stop very close to St Anne's.

By car

Limited street parking is available in Wellington Square and St Giles. It is metered from 8am to 10pm with a 2-hour maximum stay each and every day including Sundays; after 10pm overnight stay is permitted.

The nearest public car parks are at Worcester Street, Gloucester Green, the Westgate Centre and at the Railway Station. They are all expensive and should you wish to try North Oxford as an alternative, many areas now have residents' only parking.

A further option is JustPark. Use the code STANNESCOLLEGE20 to receive 20% off your first JustPark booking.

Registration Fees & General Information

By train

Oxford railway station is located on the western edge of the city centre, about 20 minutes' walk from St Anne's. There are also two direct buses operated by Stagecoach which run fairly frequently from the station to the College (Buses 14 and S3).

The station is managed by Thames Trains, with routes from Stratford-upon-Avon to London Paddington, London Marylebone and Bristol, and is also served by Virgin Trains from Scotland to the south coast.

Services to London run regularly during the day (at least two per hour), with journeys taking around 60 minutes. Information on rail journeys and fares to/from Oxford are available from National Rail Enquiries.

Tel: 08457 484950.

By bus

The main bus station in Oxford is located at Gloucester Green in the City Centre, approximately 15 minutes' walk from St Anne's. National Express buses run to and from Oxford to locations throughout the UK. The Oxford Tube runs from London (Victoria, Marble Arch, Notting Hill Gate and Shepherd's Bush) to Oxford every 10-15 minutes including throughout the night. The X90 also runs from London (Victoria, Marble Arch and Baker St) to Oxford up to every 15 minutes. The airline buses run regularly from London Gatwick and London Heathrow to Oxford.

Further information is available on Oxford City Council's website:
